Looking Ahead

FACULTY (1944-45)

PRESIDENT W. E. GREENE	Greek
	B. A., Th. D.
DEAN E. R. PINSON	Bible and History
	A. B., Th. M., Oral Examination Requirements on Th. D.
HOWARD MASON	Commercial Science
	B. S.
MARTIN V. McKINSTRE	Education and Sociology
	B. A., Th. M.
MISS FRANCES BROWNING	English and Spanish
	B. A., Working on M. A.
MRS. MARTIN V. McKINSTRE	Campus Nurse
	B. C. T., R. N.
	Home Economics Professor (To be supplied)
	Science and Mathematics Professor (To be supplied)
	Matron (To be supplied)
	B. S. U. Secretary (To be supplied)

From its foundation, Clarke Memorial College has operated with the purpose in mind of educating a group of boys and girls who have felt the need of an education, and of helping these to obtain their education at as low a cost to them as possible, and at the same time maintaining a distinct Christian atmosphere. Believing that God smiles and lends his blessing to everything that is done in His name, we, therefore, make no apology for doing our utmost to operate strictly on a Christian basis in every phase of our work. But we pray for a deeper consecration of our school as a whole, for each faculty member, and each student that makes up its student body. We want to be Christian not in word only, but in every action, every day.

We want to change and add to our curriculum to meet the constantly growing demands and ever-changing purpose which must be met to serve contemporary needs, but the fundamental Christian teachings have not and should not be changed. These, however, are being stressed more and more.

Clarke Memorial College can continue to advance and grow through the constant incoming of gifts and bequests.

FORM OF BEQUEST

I give and bequeath the sum of _____ dollars (\$_____) to Clarke Memorial College, a college that has its principal office and maintains its institution for high learning in the town of Newton, County of Newton, and State of Mississippi, said bequest to be applied to educational uses and purposes of said institution and under its direction.

Many of the Alumni have shown an interest in the welfare of the institution in helping it to maintain its standards, but we hope that many more will become interested in making contributions to the college. Therefore, the following form for an annual contribution is included.

FORM OF ANNUAL CONTRIBUTION PLEDGE

In consideration of my interest in Clarke Memorial College, and in consideration of the fact that I there received benefit from the educational facilities made possible by the gifts of others who preceded

me, I hereby agree to pay to Clarke Memorial College during the session 1944-45 the sum of _____ dollars per month for nine months, as follows: Tuitional Work Scholarship, \$5.00 per month; Board Scholarship, \$12.00 per month; Room Scholarship, \$2.00 per month; Full Scholarship, \$19.00 per month.

All ministerial students' wives will be required, when possible, to take at least two class periods. Scholarship for such will be furnished when necessary.

FOREWORD To The General Public

Some one has said: "An institution is but the Lengthened Shadow of One Man." During the latter years of the 19th century, which were prior to the days of a system of concrete highways and stream-lined automobiles, Rev. N. L. Clarke traversed the Eastern Counties of Mississippi, the hard way, in tireless and unselfish efforts to bless a needy people. Here he learned the need, and conceived the possibility of an institution in said section where young people might receive a liberal education under Christian leadership and influence. That dream was realized, and in 1908 Clarke Memorial College was opened for its first session, under the auspices of the General Association of Baptists in East Mississippi. For thirty-five successive years the "Shadow" has been "lengthened," and Clarke Memorial College has rendered a distinct service in the field of Christian Education. Thousands of young men and women have been touched by its influence, while passing through its halls, many of whom have made noble records in higher institutions. But a larger number have never had further college training. Here lies the chief interest in the history of Clarke Memorial College. Her graduates, with no further college training, are found in every section of the country and almost without exception they are acceptable, useful, and successful citizens in their respective communities. Clarke College has made, and is making a wonderful contribution to Christian citizenship.

LOCATION

The Baptist fathers planned well when they planted the college at Newton, a thriving town of about two thousand inhabitants, located between Jackson and Meridian. Here the Y. & M. V. from Meridian to Shreveport crosses the G. M. & O. from Mobile to Jackson, Tenn. Here also the very important U. S. Highway 80 crosses the Mississippi Highway No. 15. Over No. 80 the Tri-State Bus line operates with a convenient schedule from Meridian to Shreveport, and over No. 15 the Gulf Transport Company operates buses from Mobile, Ala., to Memphis, Tenn. Newton is, therefore, the most accessible town in this whole section of the State, whether one cares to come by rail or bus

or by private ear, and Clarke Memorial College is the only school with a distinctive Christian emphasis in all this thickly settled section.

EQUIPMENT

On the campus are the Administration building and two dormitories. The administration building is comparatively new and practically fire-proof. It contains the commodious chapel, the laboratories for the science and commercial departments, a well lighted and equipped library, offices, and nine class rooms, well equipped in every particular. In all, it is the equal, if not the superior, to the administration building of any junior college in the state. The dormitories are on either side of the administration building. The rooms in these are equipped with convenient study tables, comfortable beds, double beds for girls and double decked for boys, and other furnishings necessary for comfortable bed rooms. The students are expected to furnish pillows, linens, comforts, scarfs, etc. The campus is one of the most beautiful in the state. Studded with more than a score of stately oaks, carpeted with various native grasses, and bordered by a hedge of California privet, it is indeed an inviting spot. Besides four professors' homes, the college has thirteen cottages available for students with families which are furnished to ministerial students without rent. The administration building and the two dormitories have been repainted with paint given by Sears, Roebuck and Company. All ministerial cottages have new roofs on them and additional repairs are being made as rapidly as time will permit.

EXTRA CURRICULAR OPPORTUNITIES

Newton has three evangelical churches, Baptist, Methodist, and Presbyterian. A Roman Catholic church is also located here. These all welcome our students to their services and make provision for them in their Sunday Schools and young people's organizations. Although the college is maintained as a Baptist school, we always get a number of students of other faiths; and these students are not only permitted but encouraged to attend these churches of their own faith.

YOUNG WOMEN'S AUXILIARY

The Young Women's Auxiliary of Clarke Memorial College is one of the outstanding and inspirational forces of the school. There is always a good membership and much is being accomplished through this means. The members of the auxiliary meet twice a month to

study the needs of various countries and to cultivate their own spiritual lives. The Personal Service Committee carries programs to various places, sends cards and gifts to the sick, and needy, and does any work for the furthering of the Kingdom. This organization sponsors various social activities through the year as banquets and parties. Several study courses are offered for information and inspiration.

MINISTERIAL ASSOCIATION

The Ministerial Association of Clarke Memorial College which is comprised of ministerial students, and faculty members, who are ministers, meets weekly for inspiration and counsel concerning the problems of a minister. Its object is to promote the Redeemer's Kingdom, the inculcation of Bible truth, and the cultivation of friendly intercourse and brotherly love among the members. The instructors of Bible serve as the advisors and critics. Opportunities for service are afforded the ministers through various channels of the extension work

BAPTIST STUDENT UNION

Church loyalty and life of the students is sponsored by the Baptist Student Union, which is in turn led by the Baptist Student Union Council. The Council is composed of officers elected from the student body, plus representatives from the Sunday School classes, B.Y.P.U., Missions Bands, Ministerial Association, etc. This organization promotes all the church work in which Christian students are supposed to take part. It works in the interest of 100% attendance and participation of the students in all three church activities. Splendid response and gratifying results are realized each year from this phase of student activities in the college.

SOCIAL AND LITERARY

The factor in the life of any college, which is capable of bringing the most enjoyment to the student and at the same time equipping him for meeting the world after college life, is the social life of the institution. In this respect the small college has a decided advantage over the large one. The social life on our campus is unique. The students and faculty are in many respects like a big family. Although there is a measure of rivalry between the literary societies, the classes and other such groups, there are no cliques or exclusive sets. There is a most beautiful spirit of helpfulness and comradeship at all times and especially when any one of our number meets misfortune. Social occasions on the campus are sponsored by the college as these will contribute both to the enjoyment of the students and to highest development of Christian character.

AURELIAN

Two years after the founding of Clarke Memorial College, a group of students organized the Aurelian Literary Society. Through the many years this society has been outstanding for the character of its members and for its high literary achievements. The spirit of loyalty, cooperation, and service fostered by the Aurelian Society, and manifested by Aurelians everywhere is one of the greatest assets of the college. And with this spirit the Society is gathering and training many young men and women for greater service in future life.

PLATONIAN

For all great fruits, there must be great healthy vigorous plants to produce them. In the social, economic, intellectual, moral and religious uplift of this and other states, Clarke Memorial College has furnished her proportionate share. To account for this fact, there is some underlying cause. In the institution, the plant which has borne some of the best, the largest and most magnificent fruits is the Platonian Literary Society, which was born with the birth of the college in 1903. The source of some of the strongest incentives, the most impelling motives, and the most inspiring impulses has been this society. This society has produced forcible men to fill the pulpits, rhetorical men to occupy the rostrum, eloquent men to plead at the bar, and developed that part of man which is essential to his being—Christian Character. Its motto, "To know, to be, and help others to be," has been the guiding principle in the moulding of the lives of many of the great men who have graduated from this school.

SELF-HELP

Every year a number of students have paid a part of their expenses by work on the campus. In recent years the demand for opportunities to work has been so great that the college administration has had to use great care in promising work. In order to help as many students as possible, the charges have been reduced to the lowest possible mark. Moreover, all the work on the campus which can be done satisfactorily by students is given to them. It has seemed wise to the administration to be guided by the following principles in promising work:

- (1) Students are expected to perform faithfully and cheerfully the tasks that are assigned them—to give one hundred cents' worth of work for each dollar credited on their expenses. For carelessness or neglect a student will be asked to give up his work.
- (2) Students who work for a part of their expenses are expected

to remain on the campus one Saturday out of each month. Saturday is our big work day.

(3) Students working for part of their expenses will be expected to pass their class work. If one fails in his work the administration will conclude that he has not time for the outside work.

(4) Cottages are provided for married ministerial students without rent charges. Those occupying them are expected to keep up minor repairs with funds furnished by the college or otherwise, keep the lawns mowed and otherwise beautify the grounds. The cottages are rent-free to students for entire school session so long as they plan to remain in school, but for their use during the summer months a reasonable amount of time will be required to be put in on the college campus for its beautification, as a token of appreciation.

(5) A five-dollar deposit will be required to reserve any cottage. This five dollars will be applied on the reserver's expenses. In case a student does not come, it will be refunded provided he notifies the office before August 15.

(6) Valedictorians of Senior Classes will be given a scholarship paying \$10.00 per nine weeks term on their expenses, on written certification from the superintendents of their respective high schools.

EXPENSES

Matriculation Fee, by the semester	\$10.00
Room Rent, by the month	2.00
Medical Fee, by the semester	3.00
Tuition, by the month	5.00
Board, by the month	12.00
Room, Tuition and Board, by the month	19.00

We are not cheapening the board expenses by cutting down on the feeding. The plan will be on a cooperative club basis, which means that the dining hall expenses will be divided among the students, and it is quite possible that the board will cost even less than \$12.00. We do not expect the student to pay a dining room fee, but only for the food and the expense for preparing it.

SPECIAL TUITION RATES: Students taking less than the regular course of two subjects per term, upon the advice of the Dean and President, will pay tuition at the rate of \$3.00 per semester hour.

This does not apply to students who fail to pass a subject or who drop out during the term.

Students must present clearance slips to the teachers certifying that arrangements have been made for expenses before they are permitted to take any examination.

A late registration fee of \$1.00 will be charged to students registering more than one day late.

No refund will be made for less than two weeks' board. No fees refunded.

For laboratory fees see descriptive courses.

If the cost of foodstuff advances, the college reserves the right to make adjustments in the charge of table board.

It is urged that all students be on time for registration in order to avoid paying the late registration fee.

COLLEGE ENTRANCE

Fifteen units of accepted high school work must be presented for entrance into our college classes. These must include three in English two in mathematics, and two in history. Those students whose transcripts from accredited high schools show they have done this work will be admitted without examination; but transcripts must be mailed by the high school authorities to the dean and not brought by the student. It is important that this transcript be received by the college dean before the arrival of the student. Those who come from high schools which are not accredited may enter our college classes by passing satisfactory examination on high school subjects equivalent to fifteen units.

EXCEPTIONS: (1) Students of sufficient maturity who have not had adequate high school advantages for meeting these entrance requirements may be admitted as special students.

CLASSIFICATION OF STUDENTS: Students who have not met the entrance requirements of fifteen units of high school work will be classified as specials. Those who have met all the entrance requirements but who at the opening of the session have not earned as much as 18 semester hours of college work, will be classified as Freshmen. Those who at the opening of the session have earned 24 semester hours of college work, will be classified as Sophomores.

REQUIREMENTS FOR GRADUATION

In order to graduate a student must earn 66 semester hours of credit, 60 of which must be in academic subjects; the other six may be in activity courses. These must include 12 hours in English 101, 102, and English 201, 202, and 6 each in Bible and Social Science, and 6 hours in foreign language or mathematics or 6 in natural science. A semester hour is the measure of one hour of recitation for 18 weeks.

EXAMINATIONS, GRADES AND HONORS

Two-hour examinations will be given in all subjects, at the close of each term. Special tests will be given at such times as the faculty may see fit.

We grade in letters as follows: A, 95-100; B, 88-94; C, 81-87; D, 75-80; E, 60-74; and F, below 60. A grade of F means complete failure, and a student making F on a course must take the course over in class before he can receive credit for it. A grade of E means conditional failure. The condition may be removed in two ways: (1) If in the opinion of the professor in charge of the work of succeeding half-term is a continuation of that on which the student was conditioned with constant reference to that work, and if the student passes the work of the succeeding term with a grade of C or above, the condition is automatically removed; (2) By special re-examination. The time for the re-examination will be set at the option of the professor in charge with the approval of the faculty, and a charge of one dollar for each re-examination will be made. Only one re-examination in a subject will be given; if a student does not pass it, he will be required to take the course over in class to get credit on it. If the condition is not removed within twelve months, E becomes an F.

A grade of A carries three honor points for each semester hour of credit; B, two honor points; C, one honor point; D, none. For each hour on a grade of E one honor point is deducted from student's record, and for F two. A student graduating with 180 or more honor points will graduate with special honors; one graduating with 132, graduates with honors. A total of 66 honor points are required for graduation.

REGULATIONS

1. We believe that the association between the boys and girls should be restricted, but that they should not be separated entirely.

They recite together, take their meals together, and at intervals the boys and girls enjoy social hours together under the supervision of members of the faculty. Aside from this, communication between the boys and girls is limited to the demand of COMMON COURTESY.

2. We believe that street loafing is demoralizing, hence students will be allowed to go to town only on certain days, and then stay in town only as long as is necessary for business.

3. Students who enroll in Clarke College obligate themselves to attend Sunday School and preaching regularly at the churches in town.

4. During school hours, day students are under the same regulations as boarding students.

5. Students who bring radios will be charged twenty-five cents a term extra for electricity. Radios must not be played during study hours. One drop is provided in each room with bulb of 75 Watts. Extra drops will be charged for at rate of 10 cents each per term and 10 cents extra for each additional 60-Watt bulb or fraction thereof per term of six weeks.

6. A pressing room in each dormitory will be provided for students. Hot plates, etc., prohibited.

7. Students are expected to attend classes REGULARLY and PUNCTUALLY; failure to do so will vitally affect their standing. Three tardies equal one cut.

8. Students must conduct themselves as ladies and gentlemen at all times.

9. Other regulations will be adopted as found necessary for the best interest of all. Students must comply with these regulations or withdraw from school.

Description of Courses

PLAN: In order to accommodate students who, on account of army regulations, or for any reason, may not be able to attend school long at a time, Clarke College has adopted the nine weeks short term plan. Under this plan a student may take three 3-semester-hour courses and complete them in one nine weeks term. That enables a student to enter or leave from college any nine weeks term without loss of credit.

PURPOSE: The courses of study in Clarke College are designed with a two-fold purpose: First, to lay a foundation on which students may continue in the various fields of education in senior colleges and universities; Second, to prepare students, who will not do further college work, for wholesome living in whatever community they may find themselves.

CHANGING OR DROPPING COURSES: Students are not permitted to change courses after the third day of the term. In no case are they permitted to change or drop a course without permission from the dean. Violation of this regulation automatically brings an F to the student's permanent record.

THE BIBLE

OBJECTIVES—(1) To acquaint the student with the fundamental truths of Bible Christianity. (2) To inspire a love for Bible study and to give guidance in the use of Bible helps. (3) To help the student find himself religiously and to point the way to a healthy and useful Christian life.

BIBLE. 101-102—Old Testament history, poetry, and prophecy. A study of the development of divine revelation and of the growth of the Messianic hope. 3 semester hours credit for 101. 3 semester hours credit for 102.

BIBLE. 111, 112—NEW TESTAMENT. Brief survey of the development of Judaism during the Interbiblical period, some problems of the Gospels, and a study of the Life of Christ. During the last term the establishment and organization of Christianity into and through the churches will be studied in Acts and the Epistles.

3 semester hours credit for 111.
3 semester hours credit for 112.

BIBLE. 201, 202—Bible Doctrines and Christian Education. A study of the Biblical injunctions and of modern means in evangelism, missions and Christian education. 3 semester hours credit for 201. 3 semester hours credit for 202.

EDUCATION

EDUCATION 101, 102—INTRODUCTION TO EDUCATION. Fundamentals of Teaching; Modern Methods in Elementary Curriculum. 3 semester hours credit for 101. 3 semester hours credit for 102.

EDUCATION 201, 202—PRACTICAL PSYCHOLOGY. Observation and Practice. 3 semester hours credit for 201. 3 semester hours credit for 202.

A student completing thirty semester hours of work which includes six semester hours in Education may receive State License to teach from the State Department of Education.

ENGLISH

OBJECTIVE—(1) To develop in the student the power and the habit of clear and correct expression, and (2) to stimulate interest in literature by assisting him to read with intelligence and appreciation some of the masterpieces.

ENGLISH 100 a, b, c—A review of the fundamentals of English grammar. Efforts will be made to correct individual errors and defects by frequent drills, theme writing and personal conferences. Students will be assigned to this course when glaring defects in their English make it expedient, and the course will be suited to the needs of the class. Only high school credit is allowed for this course.

ENGLISH 101, 102, RHETORIC AND COMPOSITION—Frequent oral and written exercises. Study of library and parallel readings. 3 semester hours credit for 101. 3 semester hours credit for 102.

ENGLISH 103, SPOKEN ENGLISH—A course in oral practices. Effort will be made to correct individual errors and awkwardness and to develop freedom in expression. Special effort will be given toward stimulating originality. Meets for 1½ hours twice a week for one semester hour.

ENGLISH 201, 202, LITERATURE AND COMPOSITION—A gen-

eral view of the development of the English language. Outside reading and frequent themes required. 3 semester hours credit for 201. 3 semester hours credit for 202.

FOREIGN LANGUAGES

Both 101-102 for beginners in any foreign language course must be completed before credit is allowed.

A. FRENCH (Probable)

FRENCH 101, 102—A thorough drill in grammar and pronunciation; a mastery of easier forms and idioms, written and oral compositions; supplementary reading. 3 semester hours credit for 101. 3 semester hours credit for 102.

FRENCH 201, 202—Review of grammar with drill on irregular verbs, idioms, pronunciation, and conversation. Reading from such classics as Hugo's Les Misérables, Blazac's Le Cure de Tours, Moller's Critiques, and Gospel of John. 3 semester hours credit for 201. 3 semester hours credit for 202.

B. GREEK

Every ministerial student ought to include at least two years of Greek in his college course, and the course will be found helpful to many other students.

GREEK 101, 102—Beginner's grammar of Greek New Testament mastery of forms and easy constructions, exercises in translation. 3 semester hours credit for 101. 3 semester hours credit for 102.

GREEK 201, 202—Review of grammar, prose composition, translation from New Testament, Grammar and reading. 3 semester hours credit for 201. 3 semester hours credit for 202.

C. LATIN

LATIN 100 a, b.—An elementary course designed as the equivalent of the first two years of high school Latin, essential of grammar and syntax, reading Caesar and other selections. Not open to those who offer two entrance units in Latin; credit, three college hours.

3 semester hours credit for 100 a.
3 semester hours credit for 100 b.

LATIN 101—Salust Catiline.

3 semester hours credit.

CLARKE MEMORIAL COLLEGE

LATIN 102—Cicero's Orations and Essays, prose, composition and drills in grammar.
3 semester hours credit.

MATHEMATICS

COLLEGE ALGEBRA 101.	Credit 3 semester hours.
PLANE TRIGONOMETRY 102.	Credit 3 semester hours.
ANALYTICAL GEOMETRY 201, 202.	3 semester hours credit for 201. 3 semester hours credit for 202.

NATURAL SCIENCE

SCIENCE 101, BIOLOGY—A course in general Biology. Laboratory fee \$10.00.	Credit 6 semester hours.
SCIENCE 201, INORGANIC CHEMISTRY—A study of non-living inanimate matter. Laboratory fee \$10.00 for course.	Credit 6 semester hours.

SOCIAL SCIENCE

HISTORY 101, 102, Ancient and Medieval—The ancient people and times, their contribution to civilization, philosophy, and religion of later times, also the relation of the people of the Bible with others of ancient times. The decline of the ancient civilization and nations in conflict with the medieval, the spread and the corruption of Christianity.	
	3 semester hours credit for 101. 3 semester hours credit for 102.
HISTORY 111, 112—The reformation, the rise of modern European nations, modern and contemporary European history.	

3 semester hours credit for 111.
3 semester hours credit for 112.

HISTORY 201, 202—American. 3 semester hours credit for 201.
3 semester hours credit for 202.

SOCIOLOGY 201—Applied Sociology. 3 semester hours credit.

SOCIOLOGY 202—Current Social Problems. 3 semester hours credit.

CLARKE MEMORIAL COLLEGE

COMMERCIAL LAW 101.	3 semester hours credit.
GEOGRAPHY 102—Economic Geography.	3 semester hours credit.
POLITICAL SCIENCE 201—American Government.	3 semester hours credit.
ECONOMICS 202.	3 semester hours credit.

COMMERCIAL SCIENCE DEPARTMENT

ACCOUNTING 101, 102.	3 semester hours credit for 101. 3 semester hours credit for 102.
----------------------	--

STENOGRAPHIC 201—(1) Gregg Shorthand. (2) Typing, Office methods, and filing. For this course an equipment fee of \$3.00 will be charged.

BUSINESS ENGLISH.	Credit 3 semester hours.
-------------------	--------------------------

Specified credit in commercial work has reference to credit toward graduation. A student may take a complete course in Commercial Science, with no other college work, and receive a certificate for the entire course.

SPEECH DEPARTMENT**FIRST YEAR**

Development of Poise. Breathing exercises. Pronunciation, Articulation, and Enunciation. Development of Tone quality. Interpretation of Simple Selections.

SECOND YEAR

History of Oratory. Advanced Interpretation. Short Stories, Monologues, One-Act Plays.

Two private lessons per week for each year will be required to complete the course. Each student also required to give a full evening program upon completion of the two years' course.

Public Speaking open to all students. A general course in voice training, articulation, pronunciation and memory development. Extemporaneous speeches, debating and outline forms of speeches. Credits allowed toward graduation.

MUSIC DEPARTMENT

Theory, Conducting, Harmony, and Choruses. Elective credits. Sacred Music emphasized. Private lessons and group singing. Credits allowed toward graduation.

HOME ECONOMICS

- SEWING, DRESS DESIGNING AND SELECTION 101.
3 semester hours credit.
- COOKING AND SERVING 111. 3 semester hours credit.
-

PRACTICAL ACTIVITIES DEPARTMENT

Clarke College offers religious emphasis. We make no apology for emphasizing the spiritual.

Each student with a Religious Education Emphasis will be required to make weekly reports of religious work. This department much on the order of the B.B.I. Plan.

As soon as possible a Correspondence Department will be established.
